

# GEO SIDE TABLE

Designed as a stand-alone piece or to be nested with the Geo Coffee Table, the Geo Side Table embodies a sense of flight and capture within the form. The transparency of the glass enables you to gaze at the curved sedimentary base, like peering into a pool of water. Each piece is hand-made to order.

#### MATERIALS

Rammed concrete mixed with natural pigments.  
Colours: Sand, Ash, Charcoal.  
Glass options include bronze and smoked grey.
