

PRISM CANDLE HOLDER

Prism Collection explores monumentality of form with organic mystery. Pyramidal forms with intersecting planes are separated by hollowed-out joints that appear as if the prism is cracking open like a seed, revealing another world within.

The candle holders celebrate the ritual of dining; vertical pillars, shaped to be a micro detail of the larger prism collection. The offcuts of sustainably sourced timber used in producing the Daniel Boddam collection, are collected and used to create the Prism Candle Holders. Honouring the materials in which we use, Prism celebrates the beauty of wood, available in a range of finishes.

MATERIALS

Solid timber

Finishes: natural oak, smoked oak, walnut.

Osmo Oil finish.

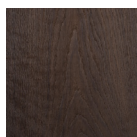

MATERIALS

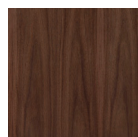

Timber

Natural Oak

Smoked Oak

Walnut

DIMENSIONS

Top	23mm
Base	40mm
Height	200mm
